State of California:

1F:
ELECTED OFFICIALS' SALARIES. PREVENTS PAY INCREASES DURING BUDGET DEFICIT YEARS. Encourages balanced state budgets by preventing elected Members of the Legislature and statewide constitutional officers, including the Governor, from receiving pay raises in years when the state is running a deficit. Directs the Director of Finance to determine whether a given year is a deficit year. Prevents the Citizens Compensation Commission from increasing elected officials' salaries in years when the state Special Fund for Economic Uncertainties is in the negative by an amount equal to or greater than one percent of the General Fund. Fiscal Impact: Minor state savings related to elected state officials' salaries in some cases when the state is expected to end the year with a budget deficit.
