**Full Text of Measure H  
Santa Ana Unified School District**

Education Code section 35107(c) states that the governing board of a school district may adopt a proposal to limit the number of terms a member of the governing board of a school district may serve on the governing board of the school district. Any proposal to limit the number of terms a member of the governing board of the school district may serve on the governing board of the school district shall apply prospectively only and shall not become operative unless it is submitted to the electors of the school district at a regularly scheduled election and a majority of the votes cast on the question favor the adoption of the proposal.

On January 11, 2022, the Santa Ana Unified School District Governing Board adopted Resolution #21/22-3434 proposing that term limits be implemented, dependent upon approval by the voters of the District. The terms of service will be limited to three four-year terms and once a board member has served their terms, that board member will not be permitted to serve again at a future time. Such measures will ensure that additional community members will have an opportunity to serve on the governing board.

**Impartial Analysis  
Santa Ana Unified School District  
Measure H**

This measure was placed on the ballot by the Governing Board ("Board") of the Santa Ana Unified School District ("District"). This measure, if approved by a majority of the votes cast on the measure, will limit the number of terms that a member may serve on the Board.

The Board consists of five members. Each member of the Board is elected for a four-year term. Currently, there is no limit to the number of terms that a member may serve on the Board. This measure would impose a three-term limit on members of the Board. The three-term limit would be a lifetime limit that applies to non-consecutive terms. This means a person who has served three terms as a member of the Board could not serve for an additional term as a member of the Board.

If this measure is approved, it will apply prospectively to the terms of Board members, which begin after the approval of this measure. This means a member of the Board currently serving on the Board would be eligible to serve three additional terms on the Board.

A "YES" vote is a vote in favor of imposing a three-term term limit on members of the Board for terms beginning on or after the approval of this measure.

A "NO" vote is a vote against imposing a three-term term limit on the members of the Board for terms beginning on or after the approval of this measure.
